Bylaws and Procedures Committee Report
October 2005

Following the July Board meeting in Denver, Carol Hammond and I completely revised the Bylaws to reflect the changes taking place recommended by the Task Force on Reorganization. After approval by the Bylaws and Procedures Committee and the Finance and Management Committee, they were posted in September on the Web to comply with the requirement which states that changes be made available to the membership at least one month in advance of the membership meeting. The revisions will be presented to the Board on Wednesday, October 12 and to the membership at the meeting on Friday October 14, provided that they meet with approval from the Board at their meeting. The committee plans to completely revise the Manual of Procedure, making it a more workable document as well as including the new reorganization structure.

Respectfully submitted by
Betty Dance, Chair
