## Bylaws and Procedures Committee Report

Status of the Manual of Procedure updates is as follows:

The Introduction was approved by the Board at the January, 2004 meeting.

Section 1, Association Bylaws, was approved by the membership at the joint meeting in Nevada; it is on the Web in PDF format.

Sections 2 and 5 are on the agenda at the July 24th Board meeting in Denver for vote by Board members.

A recommended process regarding Archives will also be presented at the July 24th meeting. This can be found in Section 2.10 of the proposed changes to the Manual of Procedure.

The committee will work to complete changes to Sections 3, 4 and 6 prior to the joint conference in October.

Once section changes are approved, they will be placed on the Web site in PDF format.
