

CO-4
Communications Committee Report
MPLA
June 18, 2014

This year the Communications Committee took on the task of creating a mission statement for the MPLA Newsletter. Our next step is to work on creating a set of guidelines that are more concrete and practical. Dan Chaney, the Webmaster, has also asked us to review our social networks and make determinations regarding current and future social network accounts for MPLA.

Nicole Sump-Crethar
Communications Committee Chair
