Leadership Institute Committee  
Report to the MPLA Board  
Dan Stanton, Chair  
10/20/2010

The MPLA Leadership Institute Committee met by conference call along with Judy Zelenski, Leadership Institute Coordinator to discuss our sections of the Manual of Procedure. Recommendations were sent to the Bylaws Committee for review.

The Chair has been working on an email 'insider history' of the process leading up to the successful 2010 Leadership Institute. The document focuses on 3 parts: Background, the actual Institute, and Funding/Sponsorship; and is intended to provide a starting point for the work of future committees.

The Institute Coordinator has been busy finalizing the financial aspects of the 2010 Institute, summarizing the qualitative comments made by participants and mentors in the post-Institute survey, and writing a final report reflecting her work in making the 2010 Leadership Institute a reality (and a rousing success!).

With all of this information, the Leadership Institute Committee is poised to begin work on the next Institute. In order to do this, we need:

- MPLA Board Approval – possible/likely cost to the Association, may include increases in location fees, increased Facilitator fees, compensation for Institute Coordinator, etc.
- Available funding for down payments
