

CO-6
MPLA Membership Committee Report

October 15, 2010

Former chair Megan Tomeo sent all of the committee files to me in July. Since then, I've been reviewing files, emails, and committee responsibilities from the MPLA website.

The committee finished two projects, the elevator speech which is something that could be used before MPLA sponsored events at conferences, and the "Why MPLA" document which could be made into bookmarks or something similar and used to hand out at MPLA conference booths.

Both documents were sent to Elvita for review. Elvita asked to have the elevator speech shortened, so I did that and sent it back to Elvita for further review.

Respectfully submitted,

Brenda Hemmelman, chair
