MPLA Professional Development Committee - Report for the Board

August 1, 2018

Meetings: The committee met on August 1, 2018

- One grant application was approved.
- One individual evaluative report was approved and monies will be distributed to their organization.
- One state evaluative report was approved and monies will be distributed.
- We discussed the idea of having marketing material for grant recipients to have at their events. In the past MPLA has done different things for marketing, such as bandanas. We thought this would be a good way to market the Association at different events.

Respectfully Submitted,

Ryan Buller
