

Professional Development Committee Report 2009

The Professional Development Committee began the 2009 budget year with \$2500 available for CE Preconference Grants and \$4900 available for Professional Development grants (mini – up to \$150, regular – up to \$600). Grants awarded are paid out after the submission of Evaluative Reports.

At the February meeting, one CE Preconference grant was approved and four (2 mini, 2 regular) Professional Development grants were awarded. No applications were submitted for the April meeting. June saw the submission and approval of two regular Professional Development grants. Our next scheduled meetings are in August, October, and December.

Our budget for the remainder of 2009 is:

CE Preconference - \$2,000 available (\$500 paid out, no encumbrances)

Prof. Development - \$1,300 available (\$1350 paid out, \$2250 encumbered)

The Committee has voted to formally request a transfer of \$2000 from the CE Preconference grants budget to the Professional Development grants budget for the remainder of 2009. (CE Preconference Grant applications are only accepted for the February and June meetings and are now closed.)
