MPLA Professional Development Committee Report
April 2008

Since the PD Committee is on a calendar year, I am mainly reporting our activities so far for 2008. The committee “met” twice via conference calls, February 20 and April 16. At those meetings we approved four state association grant applications (one withdrew), three individual grants, and one evaluative report. So far only one check has been issued for a regular \$600 individual grant.

Last year, the criteria page and forms for the individual grant applications were revised and loaded on the website for electronic submission. The first part of this year, Jeanne Narum and I revised the state association pre- and post-conference grants information and forms. Thanks to Dan Chaney, MPLA Webmaster, the grant material is much easier to locate on the site and the electronic forms are working well.

Respectfully submitted,
Connie Lamb
Chair, MPLA PD Committee
