Past President's Report
Eileen Wright

Final report to MPLA board (more of a thank you than a report)

What to report? Conference duties, conference tasks, and more conference responsibilities have been keeping me busy as I finish out my 3 year term on the MPLA board. Not only have I been making sure MPLA members are represented well in all parts of the conference and everyone will hopefully have a great time, I was asked to be the hospitality chair for the joint conference. So, can **busy** be a four letter word, we don't want to use anymore?

I have learned new skills (like handling the budget – how many times can we change it?) and made old skills shine even brighter. I have grown because of the wonderful members of the board and mentors I have gained through my experience. Everyone on the board and in our amazing organization was supportive of me during my time as VP, President, and then Past President.

I have had a fun time being part of the MPLA board, and I look forward to my continued involvement as member of our superb organization, THANK YOU.
