

Professional Forum: The proposal for the Professional Forum to be held in conjunction with 2003 MPLA/NLA Conference in Lake Tahoe has been accepted. The hope expressed in the Section's January report "that early and sustained advertising along in conjunction with other efforts will result in an excellent session" is not yet being realized. Thus far there is only one submission for the Forum.

Nominations: The Section Nominating Committee has successfully recruited two candidates to run for the position of Vice-Chair/Chair Elect.

Conference Programs: The Section submitted four proposals for programs at the 2003 MPLA/NLA Conference (in addition to the Professional Forum). Three of the four proposals were accepted and presenters are working on their presentations.
