

SE-3

GOVERNMENT DOCUMENTS SECTION REPORT
July 21, 2004

The section submitted a number of program proposals for the CAL/MPLA Joint Conference. We are anxious to see whether they will be accepted. Unfortunately, the annual fall meeting of the Federal Depository Library Council is to be held immediately before our conference. Because of this, GPO is not able to participate. We have a candidate for the chair position. She is from New Mexico and thus will be familiar with that state's resources for 2006 conference planning.

Finally, using MemberClicks capabilities, I was able to survey section members regarding their input for the upcoming "Long Range Planning Meetings."
