State Agency, Cooperatives, and Systems Section Board Report

At the section meeting on November 11th at the 2003 Tahoe Conference, preliminary plans were made for a program at the 2004 Conference. The program will be a "state of the states" forum of all MPLA states discussing both recent financial challenges and accomplishments in library service in each state.

A letter is being mailed to all State Librarians in the MPLA region urging them to encourage membership in MPLA by state library agency and regional library system personnel.

Respectfully Submitted,

Jim Minges, Chair, MPLA State Agency, Cooperatives, and Systems Section
