

SE-8

Fellow Board Members:

At this time, there is little activity to report from the Technical Services Section. With the help of Nancy Deyoe, former Section Chair, we have done some preliminary work toward revising our bylaws. Another item on the priority list is working on programming for the upcoming Tri-Conference in Fargo.

On a personal note, I was unable to attend the Conference in Phoenix and apologize for missing the February board meeting as well. My own work situation has changed dramatically. I was appointed Interim Director of Library Services at Bismarck State College on January 1, 2002. It is fun, but challenging and very time-consuming. Carlene Aro, Chair-elect, had hoped to attend the February Board meeting in my stead, but was unable to do so.

Marlene Anderson, Chair
MPLA Technical Services Roundtable
