

Portal Administrator Report
Roy Degler
July, 2011

Portal Applications and Support Sites

Current Projects:

- Updated MPLA email lists. Please the office related email (president@mpla.us) List of email addresses on page 2. All emails are being forwarded to personal email addresses.
- Continue to back up website monthly.

Suggestions:

- I would like to suggest moving the MPLA website to a content management system. The tool will empower the committee, division and roundtable chairs with the ability to manage web-content. Dan and I have been discussing this option.
