Newsletter Editor Report
Judy Zelenski
January 1, 2013

After almost eight years as editor, the February-March 2013 issue of the MPLA Newsletter will be my last production. The Newsletter has been one of my favorite things to do but I'm looking forward to some free time for projects I've put off way too long.

I encourage all board members to actively provide timely information and photos to the new editor. Story-wrangling is a big undertaking and your assistance makes a big difference.

A special huge  **Thank You**  to **Dan Chaney** for all his patience and help with every issue!

Judy
