

NE
Newsletter Editor Report
October 15, 2009

The October issue is online at <http://www.mpla.us/documents/newsletter/october2009.pdf> and has been mailed. EBSCO has cancelled its newsletter advertising for the rest of the year, apparently because of budget. If you have suggestions of potential advertisers, please let me know.

As always, I love to get photos of board members doing fun things, especially outside of work involved with hobbies or occasions. It gives our members a chance to know you more personally and see MPLA as a people-centered group. How about photos of you with kids, dogs, cats, grandkids, family, cars, bikes, boats, iguanas, whatever!

Thanks,

Judy
