

Oklahoma State Report

November 12, 2015

MPLA Activities

- Attended OLA Monthly Executive Board Meetings on September 18th and October 23rd.
- Used OLA's listserv to do a final push for applicants to the Leadership Institute.
- The OLA Board is considering extending member rates to MPLA attendees at all OLA events.

Oklahoma Library Association News

- Michael Hull has been hired as the CEO of the Southeastern Public Library System of Oklahoma. Michael replaces Wayne Hanway who is retiring at the end of 2015. Michael is currently employed as the Public Services Coordinator of Western Plains Library System located in Clinton.
- OLA's Government Documents Roundtable (GODORT) has changed its name to the Government Information Roundtable (GIRT). The name was changed to better reflect the current landscape of government information. Once the domain of repository libraries, government information is now readily available and used by all types of libraries. GIRT hopes a name and focus change broadens the membership of the group.

Respectfully Submitted,

Tim Miller, Oklahoma Representative
